

Silver Fleet is delighted to announce its partnership with **Grand Designs Live 2009**.

Grand Designs Live, the number one consumer show for design, innovation and inspiration for your home, is based on the hugely successful Channel 4 TV series – presented by design guru Kevin McCloud.

Silver Fleet is to supply one complimentary **Grand Designs Live 2009 VIP ticket*** (worth £18) for every **Veuve Clicquot Cruise** ticket booked and confirmed by the 1st of May 2009. The **Veuve Clicquot Cruise** is a fabulous lunch set within the ebb and flow of London's contemporary riverscape. Embark from 11.30am for a Veuve Clicquot reception and canapés until 12noon, when the architect-designed Silver Sturgeon departs Savoy Pier. During the Cruise, enjoy a three course lunch served with selected fine wines from the comfort of your own private table, take in the panoramic views of London, before the Silver Sturgeon returns to Savoy Pier for disembarkation by 3pm. Selected Fridays throughout the year.

* Grand Designs Live tickets will be sent out from Monday 23rd February 2009

Grand Designs Live brings together over 500 exhibitors and six separate shows from **Design, Interiors, Building, Kitchens, Bathrooms, Gardens** and the ore-inspiring **Grand Village**, offering visitors the chance to see the latest in design, self build, and sustainable living – all under one roof. This year, **Grand Designs Live** is packed with even more special features including: the **House of the Future** which demonstrates the latest technology and most innovative designs for the home, many of which will be making their UK debut at **Grand Designs Live**. The brand new **Future Build** feature demonstrates the innovative products that'll be part of today and tomorrow's house builds. The **Icon Shop**, offers a range of one off designer pieces allowing the public to purchase something different, and unique. The **Grand Seminars**, sponsored by Electrical Safety Council, will educate as well as inspire and this year includes the 'Big Questions' with key speakers tackling the topics that really matter, including the Olympics, the future of the housing market and the controversial proposals for eco towns. There's also a host of interactive features in store from live cooking demonstrations, product tests, interiors and DIY workshops.
